Are there "Big Profits" in the Telephone Business?

FOR twenty years the operations of The Bell Telephone Company of Pennsylvania have never afforded the owners of the property more than a reasonable return on a good, sound, conservative investment.

This is not a Company that has been marked by frenzied finance. On the contrary, there is not a drop of so-called water in our capitalization.

It has created no great fortunes.

Because the Company is big, many people think it has made "all sorts of money" and is still making it.

The fact is—as the published records show—that fancy dividends have always given way to good plant maintenance, adequate reserves against depreciation and common-sense stability of the business.

That's what good service depends on!

At the present time those essential elements are facing serious danger. There are not revenues enough to meet our necessities. And unless adequate rates are forthcoming, and quickly, the outcome is obvious—a service dangerously impaired and a property which, because of the uncertainty of continued returns, will not attract new capital for improvements and extensions.

At the Theatres

The Paramount.
"When Bearcat Went Dry"—A six-reel super-feature with one scene that has seldom been equaled in photography for thrill purposes, is being shown today, and will also be the attraction Tuesday and Wednesday. The story of this picture has to do with the hardy mountaineers who live in eastern Kentucky. It is tale brimful of action. The drama is virile, and every foot of the picture stirs the emotions with its primitive appeal.

The Solsson.
"The Fortune Hunter"—An interesting feature which tells the story of a man who is a business failure in New York and decides to go to a small town and marry a rich girl. It is today's leading attraction. His plans might have worked out had it not been for that annoying arrest for burglary, and he had not made good as a business man in the small town, and if that vicious, pleasure-loving Betty Graham hadn't interfered. Earle Williams, supported by Jean Paige, is seen in the leading role.

Vanderbilt.

VANDERBILT, March 8.—Mr. and Mrs. G. L. Love gave a party Thursday evening at Vanderbilt to observe the 10th anniversary of the daughter, Jeanette. The guests present were Misses Luella Palmer, Nellie Snyder and Mrs. Marie Meyer, teachers of the Vanderbilt schools; Mrs. Clara Baker, Camilla Baker, Beatie Popovich, Margaret Holter, Frances Shallenberger, Ann Collins, Phoebe Strickler, Helen Bellinger, Ethel May Collins, Pearl Patterson, Lottie May Thompson, Grace Collins, Ida Vargo, Lucie Gre, Carrie Keta Herbert, Georgia and Feta Mae Revnolds, Frances and Max Morris, Esther Addis, Helen Baker, Nellie Blair, Helen Bohn, Pauline Flint, Ethel Blanche McLaughlin, Virginia McLaughlin, Mary Belle Patterson, Lorna Mae Miller, Virgie Mae Miller, Gwendolyn Johnson, Charlotte C. Disability Compensation Received.
SOMERSET, March 8.—Frank R. Berkley of Somerset borough has received a voucher from the War Department for \$1,072, being the first remittance to him of the compensation to which he is entitled under the War Risk Insurance regulations. As a member of Company C, 110th Infantry, Mr. Berkley went to Augusta, Ga., in 1917, and while the company was engaged in intensive training he broke down physically under the strain and subsequently he was discharged from the service because of physical disability. He will be entitled to compensation as long as the disability continues.
